**CAN I TEST ZEITUNG
AND OTHER UNDER-
WARE FONTS BEFORE
PURCHASING?**

Returning customers can test all our fonts for free. Directly download trial versions of fonts — for desktop and web — you didn't acquire yet. The watermarked trial fonts are for evaluation purposes only. In case you want to use them afterwards, a regular license is required, and the test fonts need to be replaced with the retail fonts. Just login to your account. There you'll find desktop- and webfonts for testing under the "download test fonts" tab. More info about testing fonts can be found at our support section.

Note: **This feature is only available to our customers.** If you are interested in the option to test our fonts but if this feature does not yet appear in your account, please email us.
